SUMMARY

Enthusiastic and detail-oriented Computer Science and Engineering undergraduate with a strong foundation in Python, Data Structures & Algorithms, Computer Networks, Object-Oriented Programming, HTML, CSS, DBMS, and Software Development. Hands-on experience in AI, Machine Learning, and Computer Vision through academic projects and internships. Eager to apply technical knowledge, solve real-world problems, and seeking a Software Engineering Internship role to contribute to innovative software development in a collaborative environment.

EDUCATION

Maharaja Institute of Technology Thandavapura , Mysuru Bachelor of Engineering in Computer Science	Aug 2027 (Expected) Current CGPA: 9.3
National Composite PU College, Hosapete Pre-University in PCMB	Mar 2023 Percentage: 84.16
Deepayan English Medium School, Hosapete Secondary School Leaving Certificate	Jul 2021 Percentage: 87.52

SKILLS

C/C++ programming, Java, Python, Django, HTML, CSS, JavaScript, MySQL, Gen AI, React , Data Structures, Operating Systems, Machine Learning, Computer Vision, OOP, DBMS, NLP, Prompt Engineering, SDLC, Problem Solving.

Tools: MS Word, MS Excel, MS PowerPoint, VS Code, Microsoft Teams , GitHub, Git.

EXPERIENCE

Hex Software AI Intern	Sep 2025 – Oct 2025
- Built machine learning models for predictive analytics. - Performed data preprocessing, feature engineering, and model evaluation. Improved model accuracy through hyperparameter tuning. Utilized Python libraries for data analysis and visualization.	
Prodigy Info Tech Generative AI Intern	Jun 2025 – Jul 2025
- Developed LLM-based AI solutions using prompt engineering techniques. - Created AI automation workflows to improve task efficiency. Worked with Generative AI models for text generation and conversational applications.	

PROJECTS

- Face Recognition Attendance System** (github.com/ManasaMSwamy/Face-Recognition-Attendance/tree/main)
- Automated attendance tracking using facial recognition technology using OpenCV, Python, and Numpy, Pandas libraries.
- AI Chatbot Development** (github.com/ManasaMSwamy/AI-Chatbot-Project)
- Developed an AI-powered chatbot using NLP techniques, Python, Flask, Rest API. Enabled multilingual text-based communication.

AYUSH SmartCare - Predictive Health Intelligence System (github.com/ManasaMSwamy/AYUSH)

- Developed an AI-powered healthcare platform that uses machine learning to analyze patient data and predict potential health risks using ML.

Silk Connect - Digital Platform for Mysore Silk Artisans (github.com/ManasaMSwamy/SilkConnect)

- Developed a digital platform supporting Mysore Silk artisans using React, Node.js, MySQL

Smart Farm DB - Crop Recommendation System (github.com/ManasaMSwamy/SmartFarmDB)

- Developed a crop recommendation system using soil, rainfall, temp & humidity parameters using ML

Personalized Education Platform - AI Tutors & Chatbot-Based Learning Assistants (github.com/ManasaMSwamy/Personalized-Education-Platform)

- Developed an AI-powered learning platform with personalized educational support for students.

Supply Chain Dapp - Blockchain-Based Supply Chain Management System

- Developed a blockchain-based decentralized application to enable secure and transparent product tracking across the supply chain.

VOLUNTEERING AND EXTRA CURRICULAR

- Won **2nd** Place in AI Hackathon (CADD Centre) 2025- Developed ML model under time constraints.
- Won **2nd** Place in AI Symposium 2025 - Poster on AI-driven sustainable city solutions
- Won **3rd** Place in AI Hackathon 2026 – Developed Website on Personalized Presentation Generation for Education
- Completed industry-oriented certification programs in Full-Stack Development, Prompt Engineering, and Cloud Computing from **EDC, IIT Delhi**.
- Certified in **NPTEL** course on DBMS (Elite Score), ML for Engineering & Science Applications (Elite Score)
- Certified in Data Structures in Python by **Google (Coursera)**, with hands-on experience through interactive programming labs
- Certified in **Google Cloud** Career Launchpad Cloud Engineer track.
- Selected as **Class Representative (CR)** for academic year 2025 – 26
- Public Speaking & Presentation skills, Teamwork & Collaboration.
- Workshops & Webinars : **Data Analysis** (Innomatics), **Generative AI** (IUCEE NEP), **ISRO** (AIML for Geodata Analysis), **React with Django**.

LANGUAGES

- English (Fluent)
- Kannada (Native)
- Hindi (Conversational)
